To whom it may concern,

I am a concerned resident of [REDACTED] Temps Creek NSW 2178 who will be greatly affected by these new zoning plans. It is proposed that my property and a few others in our street will be zoned as Non Urban whilst all the others neighbors properties across the road will be zoned as flexible employment meaning they will greatly benefit. This is causing a lot of stress and anxiety in our household, we have worked hard all our lives and lived here for over 20 years now only to find out we are being discriminated against because of what side of the road we live on. The last few land valuations sent out from the land valuer's department have all been stamped as small rural holdings.

We have only had minor flash flooding which I believe is due to the non-rehabilitation of the creek.

Please I need you to strongly reconsider these zoning plans and take into account the lives that you will be affecting. There is absolutely no communication to myself and all the other residents that will be effected by these decisions.
