Content:

TAKE THE FLOOD LINE BACK TO 1:100 FLOOD PLAN & YOU WILL HAVE 85-90% SUPPORT OF ALL RESIDENTS IN THE SOUTH CREEK PRECINCT.

- this still gives you plenty of green space, if anymore space is required use the Tax Payer own land (government owned) huge parcel of land at the OTC site behind Kelvin Park Estate Bringelly which is affected by aircraft noise anyway, as green space.

If it is true what you are selling us, that it is in early planning stage - then it should not be an issue to move it back. Do not devalue properties with non-urban or Environmental Zones, limiting ideas and innovation - make all development within the Aerotropolis allocate a certain percentage to achieve landscape & water features, attriums etc.

Common sense approach.
