I think my property being re zone non urban land is Outrageous. My land is on the mane road of BRINGELLY RD it has got huge potential ,now it has gone from beaing very VALUABLE to NON VALUABLE. I don't know why it would come up so far from south creek. This affect me greatly, my retirement plan and my four Children Future. If they need the land for the Aerotropolis to go ahead they should pay the same land value as the rest.
M Breski
