Hello once again. I am again making a submission after speaking to one of your Senior Planning personnel regarding the zoning for the Northern Gateway. I raised the point that on the map, the NON URBAN zoning from the airport (adjacent to Luddenham Rd) stops at the Twin Creeks Golf Course. Can you please tell me why they are not included in the plan. The NON URBAN zoning should also be continued through Twin Creeks and not stopped at their fence. Why are they being treated differently to everyone else. The feeder creeks for South Creek go through their property also. This is pure hypocrisy at its best. I also mentioned to the planner about how the Chinese Investors who bought the Medich property will make 10 times the amount they spent on buying the land, because NSW Planning and Environment will allow the land to be zoned to help them.
