I live on [REDACTED] I need to know ASAP what DPE is planning for my land. I have got huge financial and personal investment in my property. I am really disappointed to know majority of the land is now classified as 'non-urban' due to a dry creek located behind my property. I did not get any information when I purchased it and now it's possibly worthless or has little value.

The main question is when DPE is going to rezone and if I will be treated fairly..

Until then, anxiety has taken over. I am unable to carry on with my life due to this uncertainty.

I'd appreciate if you can check people's submissions and consider them fairly

I invite all decision makers to visit the property and south creek behind it, to see what state it's in and is it really necessary to declare 1km wide area as non-urban.

Thanks
Kind regards
