Content:

My Name is Margaret Siracusa and I am 58 years old. We purchased our property back in 1987 over thirty years ago. We raised our three children here and 5 of our grandchildren have been raised here as well. We have a wonderful life style living here through hard work and a lot of money that we have put into our property to make it what it is. I understand that the country needs to move forward to progress and I fully support the new airport but not at the expense of the landowner. Since the last government run meeting I have been anxious , stressed and very worried that we will not be properly compensated. I am very upset and I do not believe you when you say that we will be treated fairly. Politicians say one thing to your face and then do what they want. You have increased the flood line in the South creek precinct. Why? So that you can pay people peanuts and then you can rezone it to what ever you want and then the government makes the big dollars. People have no faith in their government anymore when it comes to land acquisitions or I am sorry to say in most policies. We are angry and won't take this laying down. Please have some empathy for the landowners some are in their 70's and don't have time on their side for a long drawn out fight.

Please move the 1 in 100 year flood line back where it belongs. Be fair and generous in your land acquisition valuations to the landowner
