kemps creek, NSW
2178l

Content:

I have lived in kemps creek for 46 years and I love this area but since the news of the proposed development which may be changing our zoning from Rural Small Holdings to Non_ Urban I cannot sleep due to worry of losing our property.my husband and son who are also stressed about this matter. Changing of the flood levels will also lower the value of our property as they will make this area a recreation park and access to south creek and how this be classed as Non Urban. compensation for resettlement would have to include the replacement of our 3 acres of land that we have worked so hard over the years and the stress that it has been made due to the plans that are being planned for our area.
