Why are our house prices dropping? Why are we not able to sell our lands? These questions have been bothering me for the past few days. It has given me anxiety when I needed it the least. During yearlies at school, I haven't been able to do work properly nor study for my tests properly. Your construction will influence my future in a negative way as I'm struggling to get a good night's rest. With all these questions as to why the citizens who should deserve the same rights as everyone else are being affected negatively. All because you want to make the area next to an airport pretty.
