Planning

I understand from the last meeting the residents we had Planning is taking note that we are not happy...

1/... I was terribly upset that all properties in the SCP were placed in NON-URBAN so if this can be lifted by next maps.

2/.. That my whole property which is developable land was placed in a flood path zone, i would be much happier that you take these back to the 1in100lines and acquire these for parks etc...

3/.. That the meetings were very vague and didn't tell us much with what was on the maps.

4/.. would like to know when acquisitions will take place and how long we have to live here if acquired.

5/.. Rezone is on the next maps as this has put our properties in a slump and some of us want to get out of here..

7/.. Can't understand that Rossmore properties and Kemps Creek properties which are totally affected of 1in100 are not used for parks etc....

8/..more meetings if residents are not happy but only meetings for the people getting zoned.

9/..to be fair with SCP with acquiring developable land to the Aerotropolis Core.

10/.. I would not like to be on public show, this is private submission
