To whom it may concern,

I am a concerned daughter who lives with my parents that have been affected by south creek precinct **non urban** land on the maps. i have been watching both my parents talking about it ,stressing about to and not getting much sleep at night. Our family really needs you to use the 1 in 100 flood plain for the green spine but leave our good land so they can sell It for the same price as the aerotropolis core so we all can have the same lifestyle we currently are living. Now please look into the 1 in 100 flood plain and remember **it's our future.**

I have lived here for [REDACTED] and I enjoy our beautiful land that I regularly have friends over and parties every year. Christmas is also one thing to that I'm going to miss cause the whole family comes to stay and we all run around and play footy on our acres and swim all day long. I hope when we have to move from here we can have the same lifestyle we are living right now. I have been going to [REDACTED] and have made long life friends which I do hope my parents don't have to move to far.
