The Director,

My name is Dianne Bonanno and I'm  
the owner of [REDACTED]

I'm writing regarding the zoning of  
properties under the Aerotropolis.  
My property has been classed as  
Flexible Employment and Non urbanland  
which I feel is unfair as the property  
is not flood affected and when we  
bought the property we ensured this  
was the case as we were looking  
into the future and knew that paying  
extra as we did for a non flood  
affected property would be to our  
advantage when subdivision came around.  
As this property is not flood affected  
I feel the line dividing my property  
should be moved down so my whole  
property would be classed as Flexible  
Employment as it should be.

Regards
