To Whom it may concern, ...

My name is [REDACTED]

I'm a mother to [REDACTED] children and live at [REDACTED] Brinjelly NSW 2556

My husband and I purchased our property off my sister nearly [REDACTED] as

a way to move forward in life providing a lifestyle for our children that consisted of freedom to run around on a property

with a great deal of peace & tranquility.

Never in my wildest dreams did I imagine to become so confused as to what lies ahead for myself and my family.

I have heard so many conflicting stories about our future and re-zoning of our property which has become quite concerning.

I realise our land will be acquired sooner or later for the new airport to take place but at whose expense?

My main concern is that we are notified in due time as to what our future holds and is done as a fair compensation so we

P.T.O

can move on and build a similar lifestyle in the local vicinity as to what we have created here in Bruggelly.

We would obviously expect to get a fair compensation by the governing bodies wanting our land as I feel our street in particular, [REDACTED] is in a prime location for the airport and as all land surrounding airports are worth a fortune I would like to see the reflecting value stowed upon us also.

I have suffered many sleepless nights since this all came to light and my children keep asking me "where are we going to go Mum?" with which I reply "I have no idea", as I don't know how long we have to go to decide!"

Being able to repurchase a similar property in the area I feel will also become difficult as we are going to be competing with all the other residents in this area.

I strongly feel that no matter what is built on my land or my neighbour across the roads land we are all paid out equally as we are all worth the same value no matter what and have not had any say in this matter.

Hoping to get a response soon
Kind regards, [REDACTED]
