My name is [REDACTED] & I live at [REDACTED] Bringelly. I've been at this address for [REDACTED] years but lived in Bringelly for over [REDACTED] years. I have worked since the age of [REDACTED] to have the quality of life that me and my family had enjoyed, I say had because with a stroke of a pen my whole life is now in shambles. I have not slept since this report has come out and im in a depression tablets but since this news that they want to zone our area for green belt, I now have had to upper my dose of antidepressants. I have lived here since [REDACTED] and the flood zone in which you talk about is no different than Camden, Narellan, Eldersly, Hoxton Park ect. The only difference between these areas and Kelvin Park is that they are all full of homes. You seem to forget that this is Australia and not Communist China. We are not sheep and do what the government of the day tells us to do. In my opinion if Liverpool council done its job properly and maintained South Creek, we would not be having this conversation. My land is for my family and to be handed down to my [REDACTED] children and one that is disabled. How dare you ruin my and my wifes and my families life and this great community that we live in. Bank robbers at least have the decency to cover their faces when they robbed you. If you need to make some green belt its only fair to take [REDACTED] of an acre

but not to take all of our land
for green belt. In the Kelvin Park
Area we all should be compensated
equally to one another. I will not
leave until I am compensated for
what its really worth. If this
proposal goes ahead my wife and
I will seek legal advice in regards
to our mental state.
