I understand that I apparently I am in the good section but I don't feel that there should be a bad and good section. We easily could of been in the green zone so I feel that the whole area should be treated equally. I have a few friends in the SCP and I see there pain that they are placed in Non urban. I feel that if we are zoned apartments etc... the other side other than there 1im100 land should be treated equally and we need to know when and how long will acquisitions take place.

Planning needs to be more communicative when coming to the next maps and zonings need to be shown... I feel and support my friends on the SCP and will be rioting with them if it comes to this if these zones are not changed.

We all support this idea of an Aerotropolis but wantvto all be treated fairly as we didn't ask to be disrupted like this, you did ...

Thankyou
