Bring the lines back to 1in100 as we didn't ask to be a lake and it's not fair.... Take the title of NON-URBAN off so people can move on with their lives, be more communicative and truthful with residents. Fair and equal to the other side of the Aerotropolis. If zones don't matter in acquisitions why not Rezone us before the government acquire us... if we are acquired as stated highest best use prices and equal to the core. Let residents know how long we have before moving.

This has done nothing but stressed our whole family and caused nothing but anxiety. I wish someone had compassion before doing these plans as they would of know what this caused.

Since these plans my husband has been hospitalized and I know it is due from this... Bring these new maps out and be fair with these people..
