I am happy for the second airport to go ahead, but as a resident of Badgerys Creek for over [REDACTED] I disagree with the process of it all. At the moment it feels that the residents are being pushed aside and forgotten, whilst large corporations get to plan, buy land in residential zoning areas which is unfair and unjust. Badgerys Creek is still classified as a rural area, yet there are business snapping up properties all around us. For a suburb which had 0 resource recovery facilities when I first moved to Badgerys Creek, there are 4 either operating or approved facilities. All I ask is to let the residents of Badgerys Creek know exactly what is happening where we reside, what do or can we expect?
