Content:

I have recently retired the sale of my property was to be part of my retirement package I now find my property is classed non-urban whereas my neighbour on the other side of the fence is Urban thank you very much!

I propose the rezoning of non-urban to be removed.

I want the 1:100 year flood to be returned to its original line.

I am not opposed to progress and the airport development, but want fair compensation for the acquisition of my land at the same value as my neighbour.

I would like an explanation as to why there was no community consultation.

I would like an assurance that I'm not going to have my land "acquired" via injunctions and lock outs.

I would like my land rezoning back to the original proposal - commercial / industrial or medium to high density.

I now have to put my future plans on hold for twelve months to find out what will happen to my property, no one will buy it.

IP Address: - 1.144.107.46
