Content:

We purchased the above property (lot 1, [REDACTED] Elizabeth Drive, Kemps Creek) in 1997. It is zoned non-urban, and we have a special use clause for manufacture of light industrial, sheet metal products. We believe the new zoning for this property should be as per the original nsw government "white paper", which was "Light Industrial". As we have been here for the past 21 years, it is only fitting that this zoning be applied to our property. Aircraft noise would have no affect to our use of the property.
