RE: Western Sydney Aerotropolis Stage 1 LUIP Consultation

Dear Director,

Thank you for the opportunity to provide comments and feedback on the Western Sydney Aerotropolis Land Use and Infrastructure Implementation Plan (LUIP).

Elford Group is the owner and operator of the Badgerys Creek Quarry and Resource Recovery Facility, located at 320 Badgerys Creek Road. We share our western boundary with the airport, which is separated by Badgerys Creek. As a local land owner and small business operator, we are pleased to provide our comments and ask that they are taken into account. We have reviewed the LUIP in consultation with our planning and environmental consultant. We note our site is located on the north-western edge of the Aerotropolis Core, at the point where the airport intersects Badgerys Creek Road.

We are **strongly in support of the strategic direction of the LUIP and the broader planning documents** for the airport region. We appreciate the opportunity to be included in any further targeted consultation or discussion regarding the aerotropolis core.

Yours Sincerely,

Mr Ali Rahman
Director
Elford Group
