Content:

Currently my land is zoned as Agribusiness in the current proposal. This will limit and disadvantage myself and other residents in the area financially. Having this zoning changed to include other business interest such as the elements outlined in the Aerotropolis would be beneficial. The opportunities financially will be restricted under the Agribusiness arrangement compared to other zoning proposals outlined for the area. A reassessment of the Agribusiness proposal is required to avoid financial loss is mitigated for myself and other residents living in the Agribusiness zone.
