Content:

My name is Thomas Towell.

My wife, Carol and I have lived in Bringelly for over [REDACTED] years. We have two grown sons, Greg & Steve, Steves fiance Monica and granddaughter Georgia who all live with us on my 5 acre property.

As a family, we play a part in community sports, attend local schools and Monica is employed in the proposed Agricultural/Agribusiness zoning area.

Each member of the family will be effected by the proposed re-zoning and it is already causing concern as to our future within the area.

We strongly oppose the proposed Agricultural/Agribusiness zoning for the Dwyer Rd, Greendale and Northern Road area, as follows:

We believe there are no commercial agricultural businesses currently existing on the properties which will be effected by the proposed zoning.

We believe the soil is not fertile for agribusiness nor do we have the water source to supply for this business.

We should preserve the local school Bringelly Public as this is heritage listed.

The area is not constrained by the air noise contours.

We strongly recommend the rezoning should be:

Commercial

Industrial

Residential

Best regards  
Thomas Towell
