DATE 17<sup>th</sup> October 2018

Dear Minister planners

My Name is [REDACTED]

[REDACTED] where we have been placed in the Aerotropolis and South Creek precinct.

I purchased [REDACTED] and have resided and built my house from the ground up, where I raised [REDACTED] who had a wonderful life, [REDACTED]

being placed in the South precinct we have not been able to sell it as it was devalued overnight as it was placed in a green spine.

I understand and do not oppose the airport but with being placed in this zone my life is now in limbo.

Everyone in the South Creek understood when purchasing their land that we had lin100 plainfloods and cannot understand why the government did not purchase this part of our lands for greenspire?

Why in a stroke of a pen that you can devalue our properties on the Sth creek & put our lives on hold? I cannot understand that our developable land can be valued at lesser prices than our next door neighbours, All I ask is that to be treated fairly and equally when it comes to compensation or for the lin100 be acquired and the rest of our land to be negotiated with Developers.

[REDACTED]

please just treat us fairly and equally

Thank you.
