To Whom this may concern,

I am a concerned resident who will be affected by the South Creek Precinct.

Following the release of the Department of Planning Stage 1 Land Use Infrastructure Implementation Plan for the Western Sydney Aerotropolis I am really confused and disappointed at what this could mean to my family and home of almost thirty years.

My home that I have owned [REDACTED] is being zoned "non urban" because it has been classed as "flooding". It will be used for green space? I have owned this land for [REDACTED] years and not once has it flooded!

In these [REDACTED] years I have gone through so much and sacrificed plenty to ensure I keep my land. [REDACTED]

[REDACTED]

Since finding out that it will be zoned "non-urban" I have been stressed, suffering from many sleepless nights and high blood pressure all because I know the considerable dent in my land value as a result of this decision.

All that I ask is if they go ahead with these plans of buying our land is that we as residents get treated fairly and get paid adequately at market value rates.

From a very concerned resident,

[REDACTED]
