Subject: Proposed Rezoning of [REDACTED] Kemps Creek

To Whom it may concern,

I would like to register my strong objection to the proposed rezoning of our land at [REDACTED]

Kemps Creek.

My family and I are absolutely traumatised by your proposed intention to rezone our property.

We personally are & will be affected greatly if this goes ahead as we have a [REDACTED] year old son who depends on us

We have planned to secure a future for him so that he can be cared for based on your 2010 zoning of our property.

My family & myself are extremely stressed by your proposed change of mind. All we want is what the original zoning is and get fair payment for our land.

Our future depends on it. We strongly urge you to take this into consideration.

Yours sincerely

[REDACTED]
