I would like to object to the blanket rezoning of the western side of the Northern Rd to Agriculture and Agribusiness.

My land was shown on maps to be proposed industrial and as such I have had considerable interest from developers. Recently I accepted an offer through my agent "Future Partners" of Bankstown only to have the interested party pull out when the zoning went to Agriculture.

I would like you to consider the proximity of this land to the airport and I fully support the community proposal to have a Southern Gateway with mixed uses as is seen in the Northern Gateway. The land is currently comprised of 5 to 25 acra lots, not in the noise ban of the airport, has no flood issues and is close to the proposed M9 and Northern Rd.

Trusting you will consider these points,

Yours Sincerely,

Department of Planning
