Dear Brett,

Re: **RSSB Australia**
[REDACTED]
Submission on Western Sydney Aerotropolis Stage 1 Land Use and Implementation Plan

I refer to the current exhibition of the Stage 1 Land Use and Implementation Report (LUIP) for the Western Sydney Aerotropolis and advise that we act on behalf of the owners of the above property, RSSB Australia (RSSB).

RSSB have owned the site for over 10 years and have, over that time, developed a large place of worship. It is our view that zoning and land use conflicts that have been imposed on this site since 2007 are unreasonably intensified through the exhibition material. We firmly believe that through this current process, the Department should take the opportunity to rectify any anomalies.

We are currently preparing a more detailed submission on this issue for RSSB and expect it to be completed before 16 November 2018, upon completion we will then forward to the Department.

We apologise for this delay but trust this will be acceptable to the Department.

Please contact me on **[REDACTED]** if you would like to discuss further.

Sincerely

Stimson & Baker Planning

Warwick Stimson RPIA
