With all your good intentions you are still going to destroy Cumberland plains woodlands because this gut polluting airport will kill everything including the people who live here. This is totally the wrong place to build an airport. Whoever thought up this stupid idea should be whipped with a cat of nine tails (I say nails.). This disgustibg polluting airport will not create more jobs for the west. It will be automated. The theives and liars of the business lobby and the damn politicians should be in jail. David Borger and his cronies are truly disgusting and they are behind this airport. We are the stupid country. Bringing in more people would kill the Cumberland plains woodlands forever. Its absolutely sickening to the gut. This is a genocide against the land and you truly are to blame. As for labor and liberal you make me sick, you are liars .
