Submitted values are:

Submission Type: I am making a personal submission

First Name: Monique

Last Name: Wood

Name Withheld: No

Suburb/Town & Postcode: 2176

Submission file: [webform_submission:values:submission_file]

Submission: There doesn't seem to be enough about adding a train for passengers in the area. Freight is one thing but people in the area are forced to drive due to lack of public transport. You MUST add a Railway Station and link for locals from this point to main areas like Liverpool, Parramatta and the City. You can create more trucks and transport on the road without giving people trains as well. It's congested enough as it is.
