First Name: Joe

Last Name: Trimboli

Name Withheld: No

Suburb/Town & Postcode: Kemp's Creek

Submission file: [webform\_submission:values:submission\_file]

Submission: I reside on Mamre Rd just outside of the area that is being considered for rezoning. It does not make sense to leave a handful of residents along Mamre road out of this zone. The area has transformed dramatically already and is a considerably different landscape from the rural zoning it currently is. The government cannot expect me to live across the road from an industrial complex on a busy 4 lane road in the future. We are also under the flight path which is another major issue for me. I enjoy the outdoors, this is why I purchased here. I only ask for an immediate communication as to the plan for the remainder of Mamre road, and why does the plan stop where it has. How long before the remaining residents, particularly the handful who would be under the flight path, have to wait for an answer or plan. I question the planning ability of the team, not much actual time has been spent in the area and thought about how the remaining residents will be affected. I welcome your team to my home and spend a day with me during the week to experience the current living standards and to try and imagine what the future will be like once it's developed with the airport also in operation. Please write back and let me know what the plan for me is?
