Submission file: [webform\_submission:values:submission\_file]

Submission: To Whom it may concern I have read over the draft exhibition papers that have been submitted about the Cumberland Plain Conservation Area. I was looking over the maps and was wanting to get a better understanding as to what lands over Londonderry and surrounding areas will be affected by the investigation areas that have been identified. By marking areas as protected lands, what does that mean will happen to areas of land surrounding these protected lands? What will happen to all the lands within Londonderry that have been marked as deferred matters? Thank You
