Suburb/Town & Postcode: LUDDENHAM, 2745

Submission file: [webform\_submission:values:submission\_file]

Submission: Proposed Environmental Conservation at [REDACTED] Luddenham, 2745 the hatched area on the above land does not represent a creek it is a constructed man made dam. The run off from my property and adjoining neighbours land flows through dam and now with the realignment of the new Northern Road collects water from roadway drainage. The RMS have channelled drainage and all roadway rubbish which is thrown out of cars as they travel along the road which when it rains flows through my dam through to easement under Willowdene Ave, as indicated on the Section 149 Certificate. The dam has become polluted in a very short time span and certainly not very environmentally friendly.
