Submission: Wake up Australia I am very concerned about the loss of Koala habitat do you really want them to be extinct!!!! The only way forward is to protect their habitat it's so simple and the whole world is watching you and your crazy laws were they are not strong enough the Koala has suffered enough so please make the right decision. I so wished I was an Aussie I would do everything I could to protect these precious creatures but I do what I can from afar. Please no more planning that destroys Koala habitat let's plant more trees for them to thrive and grow has this pandemic not taught you what's really important . Save your Koalas 🐨 NOW 🙏🙏🙏
