Submission: I'm against the current planning you have set for Wilton on the grounds of buying a home set for us to raise a family in rural setting & having it demolished, the impact your planning will have on local disease free koalas will be irreversible, why must you keep allowing development to overpopulate every area, due to drought we had to have a dam closed because it got that low, we had bad bushfires around in the Wollondilly & people were trapped in an area due to 1 road in / out of an area, you are putting peoples lives at risk. Look at Bingara Gorge, they are finally developing the last stage & i feel sorry for anyone building in the back area's, they're driving zigged zagged thru the whole estate for a good 5-6 mins before getting to a main road, what s mess. You want to squeeze people in but there's no infrastructure, there's not even a police station operating in the whole of the Wollondilly. Surely this plan needs to be eradicated.
