Suburb/Town & Postcode: Picton, NSW

Submission file: [webform\_submission:values:submission\_file]

Submission: I encourage all of the planners and 'money makers' of this project to watch Sir David Attenborough's latest documentary 'A Life on our Planet' - on the critical importance of preserving, protecting and increasing the planet's biodiversity. The shameful destruction and inadequate levels of environmental preservation you have proposed will end in the demise of local species and our biodiversity and, ultimately, mankind. Watch the documentary. The facts will shock you into making the RIGHT decisions.
