Submission: I would like to complain regarding the length of time this matter has been open for submissions. 32 business days is completely inadequate for allowing the public of west Sydney to be able to both view these documents and then comment on them. Completely inadequate. I therefore request an extension of 10 working days in order to be able to comprehensively address the myriad of contentious issues this plan throws up. And given the importance of this plan this extension request should be applied across the board for all other potential submitters and the wider public. 32 business days is completely inadequate.
