Submission: I object to the Cumberland Plain Conservation Plan on the following grounds: 1. It will destroy over 1000 hectares of critically endangered woodlands. 2. 25 endangered plant species and 24 endangered animal species will be further threatened e.g., koalas, whose numbers across NSW were decimated by the summer bushfires. 3. The plan appears to be a questionable and short-sighted sellout to developers, which fails any reasonable environmental or probity standards and makes a complete mockery of the Greater Sydney Commission's vision of a "Western Parkland City".
