Submission: Now that the State Government has backflipped on the koala SEPP and binned the 'pink map' when will the 'daft' Plan be revised to accommodate the 'koalas are everywhere' fantasy evident in Part B. BTW thanks for the belly laugh over the Rural Fire Service having to open gates in the Koala Fence for koalas to stroll through in a fire. I can just see Kev Koala saying to Blinky Bill 'mate its time we head up to that gate 173 m away to get away from the fire or should we head down to the one 312 m from here'. How is the Plan to be adjusted for the new 25 m clearing on the boundary of rural properties 'policy' thought bubble announced on tuesday this week ? Its time you guys came out and have a look at the place.
