Our manufacturing company Borg Manufacturing and Polytec own land zoned 1N1 General Industry under the Wyong LEP. The land is a ████████. The zoning is very old and does not reflect a few logical and practical land uses to suit the site. In particular the land and location is ideal for Specialised retail premises as it is a prominent corner site on the Pacific Highway.

Can you please look at that for the standard IN Industrial zone as it will create more employment and jobs, which is vital to eh Central Coast in general. Please contact me anytime to elaborate and explain more details
