RE: Draft Master Plan of Iron Gates Residential Release - Evans Head
Subdivision of Land to Create 175 Residential Lots - Goldcoral Pty Ltd

I wish to advise that I/we are in support of the above development for the following reasons:

- The town of Evans Head is badly in need of this new residential land for the expansion of the town and a creation of 175 residential lots is very welcome.
- This development will create new jobs during its civil construction phase, marketing and continuing house construction.
- On completion of houses the new residents living in the Estate will be spending money in the town which will improve the revenue of all existing businesses and increase further job opportunities

Heritage is extremely important but it should not be used to stop future improvements for the indigenous community. This is manipulation

Kind Regards,
