**RE: Draft Master Plan of Iron Gates Residential Release - Evans Head**

**Subdivision of Land to Create 175 Residential Lots – Goldcoral Pty Ltd**

I wish to advise that I/we are in support of the above development for the following reasons:

- The town of Evans Head is badly in need of this new residential land for the expansion of the town and a creation of 175 residential lots is very welcome.
  
- This development will create new jobs during its civil construction phase, marketing and continuing house construction.
  
- On completion of houses the new residents living in the Estate will be spending money in the town which will improve the revenue of all existing businesses and increase further job opportunities
  
- 

Kind Regards,

Currently the area around the proposed development is being abused by rubbish dumpers, horns in 4WD vehicles & the destruction of nature.

Development will bring people "presence" to the area & hopefully slowly return the area, including river accesses to its former condition.

Simply this is a good addition to the development of Evans Head.
