Rosebery

Submission

The condition of the houses in rosebery is too old to be kept, mould growing, the walls are falling bit by bit in front of our eyes, everyday some sands falling from the walls. I am very afraid one day its just going to colapse on us if we are not allowed to build or renovate our house. One day when im ready i want to be able to knockdown and rebuild. Anyone who oppose this clearly dont understand the health and wellbeing of the resident who live under very old houses like this because its not healthy. Im the voice of my child who need to grow up in a healthy environment. Stop playing politic for minor ity people who does not understand about living healty life. Rosebery must grow like the rest of sydney.

I agree to the above statement

Yes
