Rosebery 2018

Submission

I am a long-standing resident and landowner in the Rosebery suburb. As such I strongly support The exclusion of Rosebery from the lowrise housing diversity code and the upholding of the Rosebery covenant in terms of controlling the development of two story properties within the area.the recent development of two story properties completely contrast and destroys the character and history of the local area and as such I believe the Rosebery covenant should be continued indefinitelyAnd the exemption of the area from the housing diversity code continue past the two year period.

I agree to the above statement

Yes
