Why stop owners in the future from using something that has been, and is available to owners of Rosebery now. This would be inequitable. Leave exempt and complying development as it is. People are just upset because they didn't know about the codes, or think that they could use them, and are complaining to stop progress. Minorities are often the loudest, but don't represent the rest of us who are just trying to get ahead. We don't have the luxury of property being handed down via generations with a - lock everyone else out, our way or the highway approach. Covid-19 has put enough pressure on us all. Don't make it harder if we want a simple pergola, do a renovation or build a new home!

I agree to the above statement

Yes
