Dear State Significance Planning Panel and Planning Minister,

Thank you for an opportunity to comment.

I strongly SUPPORT this proposed state significant endeavour.

SIC has reasonable merits. As the additional Metro West stop has state significance, options for SIC proposed area ought to be further considered, including City of Sydney whole LGA, or Harbour City East area, to spread its proposed \$280M cost burden across a wider population base, more equitable for its state significant endeavour.

Thank you.

Warm regards,
