In principle, I do not object to the SIC for new developments to support the costs of a Pyrmont Metro Station as it will provide benefits for the Pyrmont residents and businesses.

I am concerned, however, that hidden in this SIC is the tacit approval of the Star key Site monstrous tower that was rejected by the IPC back in 2019 is now another being railroaded on the community at a different site.. The major benefactor of the metro station on the Star-owned property bounded by Union St, Edward St and Pyrmont Bridge Road is the Star Entertainment group with the appreciation of its property and proposed tower.

I believe that other businesses and residents in Pyrmont are seen to be paying for his benefit to the Star. This seems to be favouritism and funding for Star Casino expansion ambitions.
