South Steyne.

The removal of the heritage ferry, South Steyne, from its berth south of the Pyrmont Bridge removed a significant item of public interest from public view and use.

An appropriate site for this beautiful ferry would be the establishment of facilities on the southern end of Wharf 7 in front of the TS James Craig.

Kayak Launching.

A public kayak launching facility in the area would receive much public use.. Northern end of Darling Island ?

I agree to the above statement
