I would like to make a submission regarding the plans for the Maybanke site on Harris Street.

This is a unique space in that it provides courts for both locals and those who work in the area.

We don't need another park/garden area in Pyrmont, we are very lucky to already have a good number. Neither do we need to link Harris Street to Mount Street, this serves no real purpose.

The proposal mentions the tennis courts in Jacksons Landing, these are private courts for the use of Jackson Landing residents and as such cannot be seen as any sort of replacement for the loss of the basketball courts at Maybanke.

Rather than spend the money to make a landscaped garden the money should be used to extend the facilities at Maybanke so that even more people can enjoy them.

I agree to the above statement
