I object to it

Submission

I strongly object to the Darling Island proposals. The Darling Island sub-precinct is referred to as a mixed use recreational, cultural and entertainment destination. Despite a number of residential developments in the zone, there is no acknowledgement of the residential aspect of this sub-precinct and no considerations for protection of residential amenities are taken into account.

I also strongly object to a proposal to totally alienate Pyrmont Park from the community use it currently enjoys by a desire to create 24/7 entertainment and culture driven landscape ('neon grid economy') at Pyrmont Bay Park and to connect the possible through site link on Star Casino and the Maritime Museum. Is this the same casino currently being investigated for money laundering?

I strongly object to the idiotic proposal to effectively cut off half of Sydney Wharf Marina. Nearly as daft as the last idea to directly link the two casinos across the bay.

I strongly object to the possible relocation of ANMM moorings alongside Wharf 7. This is yet another attempt to clutter the little remaining bay with ghastly old ferries for purely commercial purposes.

Pyrmont is currently a vibrant community that does not need any more high rise. COVID 19 has already turned the CBD into a bit of a ghost town so why not concentrate our efforts in revitalizing that area instead of ruining ours for the sake of the developers big bucks.

I agree to the above statement

Yes
