Submission

I can't believe I once again have to write a submission over the NSW Liberal government plan to steal land from landowner in the Aerotropolis area. We have lived and raised our family here for over thirty years. For all our land rates that we have paid we have received nothing from our local council. Every week council and the state government are coming up with ways to devalue our land or create a way to value capture any profit they deem we are going to make. No one else pays a value capture tax when they sell their property when they live so close to infrastructure being built. You must not do this to your citizens, its disgusting and you are acting like a chinese communist government not a democratically elected one. The landowners bought their land no one gave them anything for free and you must not take without giving a fair price and compensation for the move they did not ask for.

I agree to the above statement

Yes
