Would politicians donate pieces of their property for green spaces and parks? No they would not so do not expect people in the Aerotropolis to do that. It won't happen. You have done everything in your power to devalue peoples land so you can get it for cheap or for free. You want parks and green space then pay for it and pay the same rate you would pay for surrounding properties. It is not the landowners fault you want more green space. The government wants green space? Then the government will pay for it.

**I agree to the above statement**

Yes
